MUSIC TEAMS GIVEN LUNCHEON BY MRS. MATTISON B. JONES

Casa Verdugo Restaurant Is Scene of Delightful Treat on Thursday

FLOWER-DECKED TABLE

Unique Place Cards in Form of Crackers Which Contained Conundrums

The luncheon given Thursday by Mrs. Mattison B. Jones at the Casa Verdugo restaurant to the teams who had put over the membership drive for the Glendale Music club was a great success socially and otherwise in spite of the fact that about half a dozen of the ladies invited were unable to be present because of illness or previous engagements.

A delicious luncheon was served to the 15 ladies for whom covers had been laid. The table was beautifully decorated with a basket of deep red roses and the place cards were in the form of a cracker which when unrolled was found to contain a conundrum, the reading and guessing thereof provoking much amusement.

Following the banquet a brief musical program was given by Mmes. Frank Arnold, C. A. Parker, L. N. Hagood and Dorothy A. Welcolm.

Reports of team work were then presented by the captains. The winning team, it developed, was captained by Mrs. Spencer Robinson and she was absent because of illness. Standing to the credit of her team were 60 new members of which she herself had secured about 50. Mrs. Nathan Rigdon was credited with 31, Mrs. C. A. Parker 28, Mrs. Alexander Mitchell 26, Mrs. James A. Gibbs 20, making a total of 165. This makes the enrollment of the club almost 400, not including the two junior organizations, a wonderful showing considering the fact that it was not an aggressive canvass.

The ladies decided to continue their work for two weeks longer to swell the roster as much as possible before the year book is published. The ladies felt that a brass band should be sent to serenade Mrs. Robinson for her good work, but no band being available a letter of congratulation was sent instead. The guests present were: Mmes. Nathan Rigdon, Warren Roberts, Le Roy Bosserman, Vivian Webb, John A. Legge, C. H. Pendleton, L. N. Hagood, C. L. Marlenee, Gladys G. Sherman, H. R. Gibbs, Frank Arnold, C. A. Parker, Dorothy Armstrong Welcolm, Calvin Whiting and Mattison B. Jones.

CITY TRUSTEES WILL BRING RAILWAY CROSSING TO GRADE

As several independent groups of citizens interested in different matters were present last night at the meeting of the city trustees, the regular order of business was abandoned in order that these might be heard in turn.

The first of these was J. W. Usilton, chairman of a committee representing the Brand Boulevard Improvement association; Christian J. Orff, secretary, and L. G. Scovern, who presented the following petition:

"Mr. Chairman:—On account of the sudden and rapid expansion of our city and the influx of large numbers of new inhabitants, we find many necessities thrust upon us.

"Cardinal among these is the development of a large part of our main thoroughfare, Brand boulevard, to a safe and sightly condition.

"Therefore we, a committee representing the Brand Boulevard Improvement association, appear before you and petition your honorable body to invoke the aid of the state railway commission in compelling the Pacific Electric railway company to open crossings and bring to grade the following streets:

"To open crossing and bring to grade the following streets at the point where they cross Brand boulevard: Cerritos, Eulalia, Laurel, Palmer, Acacia and Garfield.

"To bring to grade and put in good shape: Lomita and Elk.

City Manager's Wife Gets First Flag

The first order for one of the new lot of bunting flags given by the Daily Press with yearly advance subscriptions was from the wife of City Manager Thomas W. Watson. So Old Glory will be seen waving in the breeze at 1101 East Colorado. This is a mighty good example for others to follow. Keep the flag lifted high.

PLAN SEWER UNITS FOR GLENDALE'S BUSINESS CENTER

The plans which have been worked out for sewer units in the business district of Glendale which Engineer Olmsted stated a few days ago would soon be ready for submission to the city trustees, were presented by the city manager last night in connection with the following communication:

"Honorable Board of Trustees, City of Glendale, Calif.

"Mrs. Bartlett and Gentlemen:—Pursuant to instructions of your board we have had prepared under the supervision of Olmsted and Gillellan, plans and specifications for the installation of sewer system for the six blocks in the main business center of the city extending north on Brand boulevard from Colorado street to Wilson avenue. These plans are now ready for your consideration and may be generally described as follows:

"First. Sewer mains are to be placed at a depth sufficient to take care of the sewage from basements.

"Second. All pipes are to be of standard specifications for sewer pipes and of sufficient capacity to take care of the ultimate needs of the district.

Third. Sewers are to be laid as one continuous system as if no temporary disposal was planned so that ultimately the sewage of the district may be conveyed to one point at the southwest corner of the district, that is, at the intersection of Colorado and Orange streets, where the same may be taken care of later by general sewer system when such system is installed.

"Fourth. Temporary disposal is provided for in several disposal units, each consisting of one septic tank or settling basin of simple design and construction and two or three cesspools connected thereto with provisions for carrying the excess effluent therefrom if any there be, to sewer main, these cesspools to be constructed at least 30 feet apart and located in street or alley immediately adjacent to sewer main These plans have been drawn on the assumption that the disposal part of this system is more or less temporary and for that reason it has been made as simple in design as practicable, eliminating all unnecessary expense. About 75 per cent of the cost of this entire installation will be for the sewer mains that will be standard in every way and that will constitute a part of the general sewage system of the city and property assessed for this expense should not be called upon for an additional assessment for like construction located in any other portion of the city.

"We present herewith several petitions that have been signed by owners of property within the district, requesting your board to take the necessary proceedings under the Act of 1911 for the construction of a sewer system within this district, in accordance with plans being prepared by the city of Glendale.

"We have held several meetings in this connection in the business district and in the city hall, which have been attended by Mr. Olmsted, and a thorough explanation of the plans has been made at these meetings. We learn from those who have circulated the petitions presented herewith that it seems to be the general opinion of property holders and also of business men having their establishments within this district, that this system is greatly needed and should be installed without delay. We have not had returned to us all of the petitions that were given out, but feel confident that the desires of a large majority of the property holders within the district and others interested, are that the board proceed with this improvement without delay. We would therefore recommend the adoption of the plans as submitted by Olmsted and Gillelan and that the city attorney be instructed to prepare the legal proceedings for such improvement under the Act of 1911."

DEFINITE PLANS SUBMITTED FOR SEWERAGE IN GLENDALE'S BUSINESS DISTRICT LAID BEFORE TRUSTEES

Latest Figures of Engineer Olmsted Show That 87 Per Cent of Work Will Be Permanent and That It Can Be Put in for an Approximate Assessment Per Frontage Foot of $5.17, or Cost Per Lot of $258.50, Plus Cost of Connecting, or Total Cost of About $35,000—Proposed District to Cover Wilson to Colorado and Maryland to Orange

One of the most important matters that came before the board of city trustees last night was the recommendation of City Manager Watson with regard to sewer units in the business district and the estimates of cost submitted by Engineer Frank Olmsted of the firm of Olmsted & Gillellan, who had been engaged by the city for a preliminary survey on a contingent fee of 3 per cent of the cost if the project goes through, and one per cent of the proposed bond issue should it be protested out.

This sewer project has been planned to cover the district between Wilson on the north, Colorado on the south, the west side of Maryland avenue and the east side of Orange. As summarized, Mr. Olmsted's figures read as follows:

Total length of line 5350 feet.

Total frontage served 6760 feet.

Total cost of proposed work $34,908.

The items included in this cost as enumerated by Mr. Olmsted would be 7 septic tanks, 21 cesspools, the contractor's profit, the engineer's fees, bond discount, expense of assessment rolls.

On the basis of these figures the expense per foot frontage would be $5.17, but should be property of the Glendale theater be included (Mr. Watson stated it wished connections and that they could be made through the alleys running north or south), the expense would be reduced to about $5 per foot frontage.

Mr. Olmsted also stated that under these final plans 87 per cent of this work would be permanent and could be connected up with any general sewer system which the city might later build. This statement drew expressions of pleased approval from members of the board as being much better than they had expected and very favorable to the property owners who are seeking relief in that congested district. Mr. Olmsted also stated that the figures covered only property that would actually be served and not the private residences nor the high school grounds which could still continue to use cesspools without menace on sanitary grounds because of the size of the campus.

After some discussion the board voted to refer the plans and specifications to the city attorney and the city engineer for checking and report at the next meeting, when the city attorney will probably be instructed to draft the proceedings which will follow the board's acceptance of proposition.

On the basis of $5.17 per frontage foot Trustee Lapham figured the initial assessment to the owner of each 50-foot lot at $258.50, and Mr. Olmsted stated that the entire cost per 50-foot lot, including disconnection with present cesspools and connection with the proposed new system should not exceed $300.

After the adoption of this motion the recommendation of City Manager Watson with reference to accepting the proposition of Olmsted & Gillellan in connection with sewer system and disposal plan to be built by the city to serve municipal improvement district No. 3, came up for discussion. The objection raised by Dr. Crocker that it would be too small a project to afford any test of the proposed disposal system because only about six families would be served was answered by City Manager Watson, who stated that at least 50 families are now resident in the district and that after the main has been installed they will be required to connect therewith by laterals since the main purpose of the system is the protection of the city's water supply. On motion of Trustee Lapham the board then voted to instruct the city attorney to draft a contract in accordance with the proposition of Olmsted & Gillellan, relative to drawing plans for disposal works for municipal improvement district No. 3, said draft to be submitted to the board for approval.

MRS. NANNO WOODS AND DAUGHTER GIVE DANCE-PARTY

A most enjoyable dance-party given by Mrs. Nanno Woods and her daughters, Dorothy and Kathleen, on Thursday evening, brought to a close for this season the usual weekly Thursday evening dancing class.

Dancing and singing formed the evening's entertainment. Delicious punch was served, and a special feature of the evening was the cutting of a large, wonderfully decorated cake, presented to the hostess by Mr. and Mrs. H. W. Walsma. The beautiful garden,, full of shrubs and flowers, with its goldfish pond, wistaria pergola and grassy sward, was lit with electric lights and greatly enjoyed by the guests.

This dancing class, unique in its charming, wholesome, refining surroundings, will begin its third year next September. Married folks, high school young people, and adults of all ages, mix congenially and socially together under the tactful supervision of Mrs. Woods.

Those present on Thursday evening were Mmes. Roach, J. Harwell, H. Walsma, H. Michel, L. Empey, H. Blue, and G. Blue; the Misses Lois and Lucille Stubbs, Dorothy Potter, Evelyn Thomas, Grace Miller, Marie Hearnshaw, Dorothy and Kathleen Woods, Ruth Towsey; Messrs. J. Harwell, Reynold Packard, Robert Roach, Howard Wilson, Ralph Foster, William Empey, Richard Levy, Reginald Morgan, H. Walsma, H. Michel, C. L. Edwards and Hubert Woods.

Mrs. Sarah H. King has moved from 209 West Palmer to 137 South Cedar.

CAMPAIGN TO LOWER MILK PRICES IS APPRECIATED BY PUBLIC

Although the Daily Press did not start the lower milk price campaign in order "to get the patronage of women with babies," as charged, it is gratifying to know that women with babies and women without babies appreciate the stand the paper is taking in the interest of the people of Glendale and especially in the interest of the little children.

Evidence of the appreciation of the housewives of the city is shown in their statements which come in over the telephone every day.

"I want to thank The Press for its fight against exorbitant milk prices," said one lady, yesterday. "I have three children under ten, and at the present price I cannot afford more than one quart of milk a day, which, of course, is not enough. My husband makes a fair salary, too; if a family with our income can't afford enough milk for the children, what about the families where the income is much less? I know two families in my neighborhood where the children get even less milk than mine do; and I know one family where they get none at all. The only milk the mother there ever buys is canned milk, because it is cheaper.

"The people would be utterly helpless in the clutch of the milk profiteers if it were not for the initiative and unselfish interest of a first class community newspaper such as yours. I have heard numbers of people say that they were glad Glendale has a newspaper that stands for something

CITY FATHERS HAVE MANY ISSUES OF IMPORTANCE

Petition for Street Lights on Walnut Street Is Presented

ANNEXATION OPPOSED

Letter of Thanks From Men's Bible Class of Presbyterian Church

At its meeting Thursday night the board of city trustees heard various groups of petitioners before taking up its regular order of business, the first of these being a committee from the Brand Boulevard Improvement association, headed by J. W. Usilton, chairman, which has been given in detail elsewhere together with the action of the board thereon.

Street Lights Wanted

Next to be presented was a petition signed by Martha B. Salyer and 23 other residents of Walnut street asking for street lights. This was referred to City Manager Watson for investigation and report.

Anderson's Damages

The next audience was given to R. C. Anderson whose proposition to accept damages for the trespass by the city's sidewalk is set forth in detail elsewhere.

Water Service Wanted

Mr. Pierce of Casa Verdugo then petitioned for water service by the city to lots 13 and 18 in tract No. 2131, which he owns. The city manager stated that according to the resolution passed by the board these lots with the exception of No. 13 are outside the city and could not be served. Mr. Pierce declared he had bought the tract with the understanding it would be served by the Brand water system and he considered the city obligated to give. The matter was referred to City Attorney Shaw for report.

Opposition to Annexation

Mr. Edwards of Edwards & Wildey, which owns about 800 acres in Scholl canyon, appeared before the board asking delay in the consideration of a new petition said to be circulating for the annexation of a district to include Scholl canyon and a portion of Sycamore canyon until his firm could have a chance to negotiate with petitions with a view to an adjustment which would give them the water privileges they desire and permit the Scholl canyon to remain unannexed for the present as it is practically uninhabited and unimproved. The petition of Edward A. Parrott, William D. Pelley and others was ordered filed and the board voted to defer until July 7.

Bus Line Proposition

The petition of Hal H. Davenport and C. A. Burnham for permit to establish a bus line was received cordially and referred to City Attorney Shaw for a legal opinion as to whether permit will be any protection to petitioners.

The application of the Bentley Schoeneman company for a permit to construct a conductor pipe to convey sawdust and shavings across Railroad street, was granted.

Sale of City Lot

The tender of G. A. Rapp of a check for $100 as first payment on a lot owned by the city on East California street which he is purchasing for $600, was accepted.

Application to Pump Cesspools

An application was presented from the Acme Cesspool company for a permit to pump cesspools agreeing to handle the work in a sanitary way, subject to the approval of the city health officer. On motion of Trustee Henry the permit was granted.

Letter of Thanks

A letter was read from the secretary of the Men's Bible class of the Glendale Presbyterian church expressing thanks for the action taken by the board in allowing the class to use the council chamber temporarily on Sunday mornings. Ordered to be filed.

Trustee Robinson's Communication

Trustee Spencer Robinson presented a communication to the board request-

(Continued on page 6)

Army Deserter Arrested

(By International News Service) RENO, Nev., June 17.—William Ryan, a deserter from the army, wired his grandfather at West Lynn, Mass., for money. The grandfather, Patrick F. Ryan, a veteran of the civil war, notified army authorities and William was arrested and will be returned to the Presidio at San Francisco.

PLAN TO WIDEN LOS FELIZ ROAD MAY POSSIBLY BE CHANGED

Under the head of new business Trustee Stephenson at board meeting, Thursday evening, said an inspection of the roadway had convinced him a mistake had been made by the board in starting proceedings for the widening of Los Feliz road between Central and San Fernando by condemnation proceedings to take the necessary land from the south side of that thoroughfare, because the street line would then be brought to a point opposite the entrance door of the Rice residence on the corner of Central and Los Feliz and should the city wish to open the road through to Brand, said line would pass through the middle of the municipal building occupied as a fire station at the corner of Brand and Los Feliz.

As a substitute he proposed that the land now devoted to park purposes on both sides of the street be thrown into the roadway leaving the curb to border the sidewalk. It would involve the sacrifice of same street trees, but he believed would be a more reasonable and acceptable solution of the problem of widening that travel-congested thoroughfare than the proceedings that are now under way. At his suggestion members of the board agreed to assemble on Los Feliz road to look the situation over at 5:30 this evening, together with some residents of the district interested.

SURPRISE PARTY GIVEN BY FRIENDS

Glen Brandstater on his sixteenth birthday, was surprised by thirteen of his high school friends, who presented him with beautiful presents and a floral offering of carnations. The home was beautifully decorated with flowers and ferns, and refreshments, games, and music featured the occasion. Those present were: Ruth Swanson, Ruth Waldorf and Harry Lovell, of Los Angeles; the Misses Frankie and Susie McClutchen, Vera Lessard,, Harriet Ringstrom, Homer Rombeau, Louis Odom, Stanley Roycroft, Paul Fisher, Kenneth Brandstater and the honored guest.

"American journalism is degenerating," says a Pennsylvania professor. It must be so; there has not been a really good fake for some years.

DR. AND MRS. CHASE BANQUET DRAMA SECTION

Floral Decorations in Yellow, Green and White Was Most Charming

A FIVE-COURSE DINNER

Clever Guessing Game Which Involved Picture of Stage Favorites Played

The beautiful new home of Dr. and Mrs. Raymond Chase was the scene of a brilliant function last evening when the drama section of the Tuesday Afternoon club gave their annual banquet to members and their husbands.

Very beautiful were the dining-room and patio in their floral setting in which a yellow, green and white color scheme had been charmingly carried out.

A delicious five-course dinner prepared entirely by ladies of the section, was served and after that a clever guessing game involving the pictures of famous stage favorites was played.

The guest list included: Dr. and Mrs. R. E. Chase, Dr. and Mrs. Colin Cable, Messrs. and Mmes. S. G. Abbey, J. Roger Bentley, A. E. Bode, J. E. Feinstein, R. S. Galvin, H. R. Gibbs, H. D. Goss, Max Green, A. M. Hunt, Homer Lockwood, W. F. Nash, Lou Sherman, R. K. Snow, Charles H. Temple, C. D. Thom, Harry C. Wilcox, A. P. Findlay, Bert Woodard, W. H. Verity, B. L. Cline, N. C. Baker, Mrs. Stephenson, Miss Ruth Dryden, Mrs. Mabel F. Ocker, Miss Lois Hunt.

GLENDALE THEATRE

The picturesque wilderness of the mountains and a stately old Alabama mansion furnish the romantic backgrounds against which the dramatic action of 'Desperate Youth," is to be enacted at the Glendale theater today. It is Gladys Walton's latest Universal starring vehicle.

The story was originally written as 'A Kentucky Cinderella," by F. Hopkinson Smith, and is regarded as one of America's colloquial classics. In filming it, Harry B. Harris adhered closely to the story theme, but also introduced spontaneous humor, speeding up the tempo of the drama.

The daughter of a mountain prospector, the little star is sent to Alabama to be raised, after her father's death. How she outshines her ultra-aristocratic cousin and wins the love of everyone around her is a part of the story which will strike a responsive chord in the hearts of those who see the production.

A travel scenic special, a Century comedy and five acts of amateur vaudeville are additional attractions on this bill.

PALACE GRAND

There will be no pictures shown today at the Palace Grand, the house being loaned for the graduating exercises of the grammar schools this evening.

Saturday's attraction at the Palace Grand is "Kazan," a story of the northern wilds. In the cast are Jane Novak and Kazan, the big wolf-dog.

HONOR THE FLAG

The Glendale Daily Press struck a responsive chord in its offer of a beautiful bunting flag with each yearly subscription paid in advance. All we could procure at that time were speedily taken and many applied for the flags after the supply had been exhausted. To satisfy these demands we have ordered a new supply, and these will be given on the same terms as were the first. The Daily Press is not doing this as a money-making proposition, for the flags are quite costly and the paper is worth every cent asked for it, but we desire to do our bit toward stimulating patriotism and reverence for the flag. We hope to eventually see "Old Glory" displayed in every Glendale home, and we want to do our part toward bringing this about.

Fill out the coupon below and bring it or mail it to the office, accompanied with $5 for a year's advance subscription, and a flag will be laid away for you. If in arrears, pay to date and a year in advance to get the flag.

GLENDALE DAILY PRESS
CIRCULATION DEPARTMENT

Enclosed find $..... for one year's subscription.

Give me credit for same and lay aside a 3x5 bunting flag, with sewed stars, for me.

Yours truly,

Name.....

Street.....

City.....

DAMAGED

GRADUATION CLASS, GLENDALE UNION HIGH SCHOOL, 1921

In the beautiful setting afforded by the artistic appointments of the Glendale theater, with its restful, harmonious color scheme, its shaded lights, its sumptuous hangings, one hundred and thirty-two students were graduated from Glendale Union high school last evening.

Floral decorations in the class colors, red and green, adorned the stage, where Professor G. U. Moyse, principal of the school, presided. Seated on the stage with him were Dr. H. V. Brown, president of the board of high school trustees; Dr. Julius Soper, who made the invocation, and Perry W. Weidner, the speaker of the evening.

Large Audience

Every one of the 1250 seats in the theater's auditorium was taken long before the opening strains of the processional announced the entrance of the class, and late comers waited outside to see whether there might not be a seat or two left after the graduates, teachers and special guests had taken the seats reserved for them.

Frank Lanterman, of the class of '19, gave a much enjoyed organ recital preceding the graduation program.

Impressive Sight

Led by girls of the Junior class, the long procession of graduates appeared in two lines, from opposite sides of the stage, where they had assembled in the dressing rooms. To the majestic strains of Tombelle's "Pontifical March," played by Frank Lanterman, they moved slowly down the side aisles to the back of the theater and then up the center aisle to their placecs.

Their appearance was greeted with prolonged applause; and indeed, it was a sight to call forth applause—the boys in their trig, becoming costumes of blue coats, white trousers and sport shoes; the girls all in dainty white, with corsage bouquets of red roseg and maiden-hair fern.

The Program

Rev. Julius Soper, D.D., made the invocation, invoking the blessing of Heaven on the young people and their undertakings.

The combined Senior glee clubs sang Beethoven's "Vesper Hymn," with true musicianly finish. They were led by Mrs. Dora Gibson, head of the music department, and accompanied on the piano by Mr. Lanterman.

All of the musical numbers were of exceptional merit; Margaret Stuckwisch and Flora Kenny displayed splendid technique and musical intelligence in their two duets:

DOINGS OF HIGH SCHOOL TRUSTEES

A Few New Teachers Elected To Fill Vacancies and Others Interviewed

At the meeting of high school trustees this week, the resignation of Miss Nina Robinson, of the music department, was accepted.

Mrs. Shearin of Eagle Rock, was elected to the English department to assist in caring for the increased enrollment to be expected next fall. Mrs. Shearin is the widow of Professor Shearin who died about a year ago. Since his passing she has been the bread winner of the family and has been teaching in the grammar schools of Eagle Rock.

Miss Hilda Smith, who has been assisting in the domestic science department and who studied last year at Columbia in New York, has this year worked out the technicalities connected with the securing of a regular high school certificate and will be transferred from the sewing to the English department.

Miss Helen Hargrove, who has been teaching cooking and sewing in Modesto high, has been elected to that department here to take up the work that is being dropped by Miss Smith.

A number of other condidates were interviewed by the board, but none were elected.

An important item of business was the fixing of the date for the opening of school in the fall on September 12.

WOULDN'T BE ALL AT SEA

"But suppose," they said to him, "this bill you are so keen about should cause your party to throw you overboard?"

"Well, in that case," the young politician responded, "I am quite sure I'd have strength enough to swim across to the other side."

GOOD SUM REALIZED BY TEACHERS' CLUB

Net Proceeds Will Be Sent to Governor of Colorado for Flood Sufferers

Miss Noble, president of the City Teachers' Club, states that the gross returns from "The Deestrick Skule," as presented at the tabernacle last Monday evening, as a benefit for Colorado flood sufferers, were $451.60, but that expenses for rent, enlarging the stage, war tax, advertising, properties, etc., amounted to $122.56, leaving a balance of $329.04, which will be sent to the governor of Colorado as from the City Teachers' Club, for him to appropriate to the benefit of the flood sufferers as he sees fit.

The returns from the two performances given at the high school were $364, which will be used to defray the expenses of Richardson D. White, who is being sent as the delegate of the club to the National Educational Association convention, to be held in Des Moines, Iowa, beginning July 4. Mr. White expects to leave here about July 1.

WILL PICNIC AT BROOKSIDE PARK

The annual Church and Sunday School picnic will be held tomorrow afternoon at Brookcide park in Pasadena. All members and friends of the congregation are cordially invited to attend. Bring your lunch and meet at the church, Cedar and East Broadway, at 2 p. m. Bring your auto and assist in transporting the children to the park. The committee in charge have arranged a full afternoon of sports and pastimes.

No child is born short-sighted, but the tendency may be inherited.

Brahm's "Hungarian Dance Number 7," and De Koven's "By Moonlight"; Constance Braasch played Godowsky's "Altvienne" and a Chopin Etude with a canny understanding of their nuances, remarkable in one so young; and Joe Rhodes' beautiful voice was heard to advantage in the Armorer's song from De Koven's opera, "Robin Hood."

Mr. Weidner's Speech

The speaker of the evening, Perry W. Weidner, of Los Angeles, emphasized in his talk on "Civic Usefulness," the idea of "one God, one country, one flag, one language," and urged the education of the foreigner, and a symypathetic of his problems in developing in his mind a comprehension of the ideals of American citizenship.

Upon these young people and others like them, the speaker averred, rests the responsibility of keeping our land as the home of freedom. These are problems that the young people of this generation must make their own, if they lay claim to the title of useful citizens.

Mr. Weidner quoted the preamble of the Constitution of the United States and developed most eloquently the idea that the three words with which it opens—"We, the people"—are most impressive: No creed, no group, no sect is given predominance in this noble declaration; "we, the people of the United States," includes all people of all races, of all creeds and no creeds, who are willing to uphold the laws of the country and live up to the ideals of its institutions.

"All true Americans," said the speaker, "should take a stand against sectarian bigotry and intolerance and against everything that incites race hatred and prejudice." I. W. W.ism and profiteering he termed two extremes which we must make away with if we hope for peace and prosperity. The chief cause of the unrest in the country today, in the opinion of the speaker, is faulty education or lack of education. A trained mind discerns the difference between right and wrong, is not easily swayed by agitators. We must urge the foreigners who come to our shores to become Americans in spirit as well as in name. Mr. Weidner made the startling assertion that 25 per cent of the people in the United States between the ages of 21 and 31 cannot read or write; that there are 12,000,000 people in this country who do not speak or read English and that 10 per cent of these cannot read or write in any language. Naturally the illiterate, especially those who have known nothing but oppression and injustice in other lands, are easily swayed by the demagogue and the agitator and are good timber for bolshevism. The foreigner of today becomes the citizen of the United States in a few years. The speaker urged duty to country and duty to one's fellow man dictated the Americanization of the foreigner and our sympathetic aid in his problem of a right understanding of American ideals.

Class Memorial

In behalf of the class of 1921, Wilbur Johns, president of the class, presented to Professor Moyse for the school a substantial check for the Mary M. Donichy scholarship fund. Miss Donichy was a much loved teacher who died several years ago; this scholarship, founded by some of her friends and since augmented by donations from the student body and others, has already helped several students who could

not otherwise have finished their schooling to remain in school. They have gone out into the world and paid back the money loaned them, and thus the fund continues its good work.

Mr. Moyse commended the class for its judgment in choosing a memorial that means so much in service to others

Presentation of Diplomas

Dr. H. V. Brown, president of the board of high school trustees, spoke in happy vein of his great pride in this class, and presented the diplomas to the graduates, who came up one by one as their names were read, to receive them.

Matthews' "Festal March" was played by Mr. Lanterman as a recessional, while the 1921 graduates of Glendale Union high school marched out, to take up soon their duties in college or in the school of the business world, and the commencement exercises of Glendale Union high school, class of 1921, passed into history.

Mr. Howe Thanked

Professor Moyse expressed his appreciation and that of the graduates, to W. A. Howe, manager of the Glendale theater, for his generosity in donating the use of his beautiful and commodious theater. He expressed a desire that Mr. Howe come to the stage, but prolonged applause and calls for Mr. Howe proved of no avail. It was learned afterward that he was "hiding out" in the operator's booth.

GRADUATION CLASS, GLENDALE UNION HIGH SCHOOL, 1921

CITY RECEIVES A QUIT CLAIM TO STRIP

At the meeting of the board of trustees last night the city manager in a written communication, verified the statements of R. C. Anderson to the effect that the sidewalk laid by the city in front of his property in 1916 overlapped his property line to a depth of two or three feet, as shown by a recent survey by the city engineer, and recommended that the sidewalk be not taken up and replaced on the city line, as this would entail a large expense, would not improve the street or the private premises of Mr. Anderson or Mr. Ogden, who owns the balance of the frontage in that block, and that it would also entail the removal of a row of fine parkway trees. Instead, he recommended that a mutual agreement be arrived at between the city and these property owners, and introduced Mr. Anderson, who was present. That gentleman was asked to what damages he would consider himself entitled should he agree to permit the sidewalk to remain as it now is. He named $150, and a like sum for Mr. Ogden, who said he would abide by any adjustment he might make. The city manager was asked if he had obtained any appraisal of the value, and stated that a well posted realty operator had estimated the damage at $125. After some discussion, Mr. Anderson was asked if he would compromise on a payment of $100 and the $10 fee he had paid for the survey by the city engineer, and $100 for Mr. Ogden. He assented and the motion of Trustee Lapham that the city accept Mr. Anderson's proposition on condition that he and Mr. Ogden quit-claim to the city the strip of land in question, was carried, with Trustee Henry voting no.

It begins to look as if everybody not actually concerned in a labor dispute would soon be acting as an arbitrator.

Moves in Glendale

The following moves were made in Glendale yesterday:

Sarah H. King, from 209 West Palmer to 137 South Cedar; Mrs. W. H. Shaw, 1332 East Broadway to Hollywood; L. G. Peters, from 200 East Wilson; W. F. Clark from 137 South Cedar; Chas. Casselman, 451 West Elk to 200 East Dryden; Mrs. H. G. Lockwood, 325 West Lomita to 321 West Lomita; P. H. Hubbard, 300 East Windsor to 536 East Colorado; L. B. Noble, 351 Myrtle to 216 East Wilson; A. R. Gilchrist from 338 West Broadway; Robert Berendsohn, 315 East Maple to 601 East Garfield; Walter Burdette, 1712 to 812 South Glendale avenue; K. Lytle, 515 East Wilson to 714 South Glendale avenue; Z. D. Merriken, 1402 South San Fernando road to 1400 South San Fernando road; W. B. Nelson, 369 Nelson to 1303 North Brand;; J. M. Ray, 206 North Louise to 369 Mrytle; Mrs. McLoud, 1504 East Colorado to 1506 East Colorado; S. D. McOsker from 126 1-2 Franklin court; E. M. Long to 603 West Broadway; M. B. Ketchun to 439 West Lexington; R. Okubo to 812 East Chestnut.

The following new buildings and residences are nearing completion:

A. L. Pecoy, 410 Arden; H. F. Taylor, 530 Alexander; R. H. Wright, 419 Pioneer; G. E. Van Hazelm, 424 Oak; O. R. White, 651 Salem.

CONTEMPT

"State why you believe the prisoner is insane," directed the learned judge.

"He always bets heavily on two pair in a poker game."

"Is a man insane when he bets on two pair?"

"In my opinion he is."

The judge's face grew purple. "Ten dollars," he roared, "for contempt of court."

Domestic service is said to be assuming the dignity of a professor, but it is not one of those that are overcrowded.

VACATION SEASON IS NEAR

We are now knee-deep in June, and July and August will soon be reached. Vacation season is close at hand.

With the closing of schools this week, the eyes of many a Los Angeles county family will be turned coastward or to canyons, streams and peaks of their heart's desire.

Vacation plans are now being made. Some will pack their automobiles and strike out for points afar. Others will seek a beach cottage or mountain cabin, there to find the contentment and the pleasure of their vacations.

Fortunate, indeed, are the residents of Los Angeles county. Though it be but for a day, they, with little difficulty, can get away from the routine of their daily lives. It is but a few miles to our own shimmering sea, to sandy coves and rocky shore, to long stretches of beach and surf and calmer waters for boating; but a few miles to groves of oaks and sycamores, to rugged mountainside and trails that lead to ridges and rough places.

For the one who is most content where waves gently break, for the one whose heart is gladdened and his mind relieved of strain by the pounding and surging of breakers, or for the one who finds rest and recreation in the drowsy hum of bees upon a hillside covered with brush and beneath the shade beside a gurgling stream, the choice of spots for vacationing close at hand is wide and alluring.

There are good roads leading to distant places. Some will travel into the Sierras, some to the Yellowstone, some to other wondrous parks.

Whether the vacation be for a day now and then, for a week or a month, make the most of it. Let strength and energy be renewed.

LAW AND ORDER IN PUEBLO

Out of ghastly debris and chaos Pueblo is confidently bringing order. The receding flood waters left a city torn and wrecked, millions of dollars worth of property destroyed and families broken. Death lurked in the wreckage of a once prosperous and well-ordered city. For the time being outside help or communication was shut off and the city was virtually without government.

As a lesson in government it is interesting to note just what happened immediately following the disaster. There for a few hours was the anarchist's ideal of unhampered individualism; there was society shorn of modern political institutions and wealth taken from those that possess; there was the bolshevist's free land. But what happened? Were the individuals left to work out their own destiny? Were the rigid rules of law and order to be forgotten?

Indeed not! The city was at once put under martial law and the police, the Colorado rangers and units from the regular United States army were detailed to prevent lawlessness. The Red Cross systematically went about the work of giving relief to the suffering. For the time being the strictest form of regulation is in force under the direction of an army officer. Individual liberties are curtailed for the good of the greatest number. Property is protected against the plunder of ghouls. Order is slowly replacing chaos.

There is an example of the efficiency of government and an illustration of the working principles of law and order. No more foolish notion ever captured the mind of man than the idea that liberty and personal rights means the destruction of our political institutions. It is horrible to imagine the result in Pueblo if martial law had not been temporarily declared and strict regulations imposed upon the hapless inhabitants of the city.

GRAVE AND GAY

NOT SEEN

A tight-fisted old gentleman, who recently recovered from a severe attack of fever, called up his physician on the phone and made complaint with reference to the total of the bill rendered by him on this occasion.

"See here!" shouted the old gentleman, "you have me charged for five weeks' calls. I will pay for four weeks only."

'But, my dear sir," expostulated the doctor, "I visited you each day for five weeks."

"Perhaps you did. I don't know," retorted the tight one, "but for one week I was delirious, and I didn't see you come in."

Awful Mistake

Mr. Jones—Heavens! My whiskers are turning yellow.

Mrs. Jones—Mercy, George; you mistook my hair bleach for toilet water.

Generous Mendacity

"Your thermometer is wholly incorrect. It registers 10 degrees less than the actual temperature.

"That's why I like it. I dread these fearfully candid friends."

The new prohibitory enforcement law in New York is not the same as the daylight saving law, but it is saving New Yorkers a lot of after-midnight electricity.

No Swell Joint

Farmer (in the city)—I want ter find an' eatin' house.

Pedestrian—Are you looking for any particular place?

Farmer—Well, not too durned p'tickler.

Two small boys were quarreling over the possession of a toy bank, when a noted local financier who was passing, stopped and said to the younger: "Shame on you, my boy. Don't you want him to save his money?" "I don't care what he does with his money," replied the youth. "But he wants to save mine along with it."

Some people in peace time will be interested in the young man who went into the army. On enlisting he expressed the fear that he would face ridicule on account of his religion. After three years in the army he was asked how he had gotten along. "Fine, they never found it out on me."

A member of one of the theatrical clubs tells of a stranded but still haughty leading man who was obliged to put up at a dilapidated country hotel. He glanced frowningly about the office, reluctantly signed the register and took the brass key from the proprietor. "Is there any water in my room?" he demanded. "There was," replied the proprietor, "but I had the roof fixed."

Gilbert K. Chesterton, the English wit, said at a luncheon in New York: "I hate snobs. Snobs are vulgar. Whenever I hear two snobs discussing the social status of this person or that I think they are no better than my old charwoman. My old charwoman, you know, said one evening over a pot of beer: "Mag! Oh, Mag's a lady, she is. When Mag gets drunk she can take a cab home."

Sweden's waterways are, on the average, open for 210 days each year and frozen for 155.

WOMAN'S COZY CORNER

By JOSEPHINE FRANCE

Those mothers who find themselves at a loss to suggest interesting games at Ned's or Mabel's party may find the following suggestions helpful:

Dime Stunt

A splendid method of breaking the ice in a large group is to give out ten dimes, one apiece to ten people, who are told to tell not one about the possession of the dimes, but are to number silently the people who shake hands with them. The group is told that dimes are in the pockets of ten people and that the twenty-second person wo shakes hands with the holder of a dime gets it. No one knowing who has a dime, everyone immediately makes it his business to shake hands with every other person in the room.

Grand Opera

The group is divided into several circles, with from 10 to 15 in each circle. The one in the center is blindfolded and carries a cane. Those forming the circle march aroung singing a popular song until the blindfolded person calls "Halt." He then, with his cane, points to someone in the circle, who must grasp the end of the cane and sing the chorus of any song the blindfolded person names. If his voice is recognized, he must go in the center. Names are not necessary in guessing identities, especially in a large group. "The man with the bright red hair" or "The girl who led the grand march" will suffice.

Post Office

The group is divided into circles of about 15. One player in each circle is blindfolded and is called the postman. Another is postmaster. The remainder of the players are seated. There are no empty chairs. The postmaster assigns each player, including the postman, the name of a city or a town, a list of which he keeps. The blindfolded postman is placed in the center of the circle, and the postmaster takes a position where he can overlook the players. He then calls out, "I have a letter from St. Louis to New Haven," and the players representing these cities quickly change places. As they run, the postman tries to capture one of them, and if he can do this or can manage to sit down in an empty chair, the player who is caught or whose chair he has taken becomes the postman.

Puzzle Words

Write out words and then cut them up into single letters, giving the same number to aech letter of a given word. For example, in the world "battle," number each letter of "battle" one. All the Number Ones are told to get together, discover what their word is and when their number is called act it out for the group to guess. As many as fifty words may be given out.

In a similar manner proverbs may be cut up, put together and then acted out.

Snatch the Handkerchief

The group is divided as for "Smiles." Some object, such as a handkerchief, is put on a small support between each pair of leaders. At a signal these two come cautiously toward the object, carefully watching each other, each trying to snatch the object and get back to the line without being caught or touched. If touched with the object in hand, a point goes to the other side. They then go to the end of the line and the new leaders try. Twenty-one is usually the limit.

Conversation

Couples form in a double circle, the men inside. The subject for conversation is announced, and each couple must talk on that subject till whistle blows. To make sure they do talk on the announced subject, any couple may be called to the center of the circle to give their views on the subject. All the couples then march around to music, till the leader calls "Men reverse." The men about face and march in the other direction, the girls continuing in the same direction till the leader calls "Take partners," and a new subject is announced. Subjects may include "Is June 1 too early for a man to wear a straw hat?" and so on.

Series of Articles on Patents, Inventions, Etc.

By WILLIAM C. CUTLER of Glendale, California

DESIGN PATENTS

This form of United States patent is little understood by the average manufacturer. In fact many are vaguely aware of the existence of design patents. Furthermore, an erroneous impression seems to exist in some minds as to their advantage. These conditions, combined with the fact that this form of patent is presumed to protect articles possessing inventive ornamentation, suggest careful study and consideration of the subject in order to determine whether their ownership is beneficial.

It may be said, without fear of contradiction, that no manufacturer can afford to "sleep on his rights," in these days of intense business rivalry. In other words, if the government issues any grant which may possibly accrue to his advantage, he should become conversant with its scope and take steps to secure its benefits if the result of his investigation causes him to deem it valuable

The old adage runs that "imitation is the sincerest flattery." This may be true, but in the application of the proverb to commercial conditions, the manufacturer so flattered would prefer some other form of expression.

Every manufacturer will agree that one of the most difficult of all business problems—one which all must eventually face—is how best to meet competition created by the vampires that exist in every trade, who gain their sustenance by counterfeiting every new and meritorious article brought out by their progressive superiors; placing a Chinese copy of it on the market as quickly as possible, and then heap insult on injury by underselling the originator.

This nefarious practice of imitation is carried on with comparative impunity if the article is not patented, for while under the law of unfair competition, there are limitations to the extent one person may copy the product of another, manufacturers rarely avail themselves of it, owing to the uncertainty of the outcome of the suit. In the leading case, in which a precedent was established as to one's right to imitate, the defendant copied, not only the siz ezand general shape of the structure, but reproduced also, every minor detail, even to putting superflous metal in the driving-wheels in order to better counterfeit the original. This was held to be a "most aggravated case of unfair trading," and was enjoined. But it is not the only case. There are probably many such instances where the imitation is as flagrant as in the one just mentioned, and where the imitators could be as successfully restrained, if manufacturers were only aware of their rights.

The most important question in discussing the subject is, therefore, does a design patent render any assistance in mitigating these conditions?

First, let us quote the essential part of the statutes dealing with this form of patent. Section 4929, 1.—Any person who has invented any new, original and ornamental design for an article of manufacture not known or used by others in this country before his invention thereof, may obtain a patent therefor." 2.—"It shall be unlawful for any person other than the owner of the patent, without the license of such owner, to apply the design secured by such letters patent or any colorable imitation thereof to any article of manufacture for the purpose of sale." 3.—"Any person violating the provisions, or either of them of this section, shall be liable in the amount of $250; and in case the total profit made by him from the manufacture or sale, as aforesaid, exceeds the sum of $250, he shall be further liable for the excess of such profit over and above the sum of $250; and the full amount of such liability may be recovered by the owner of the letters patent to his own use."

STUDIO NEWS AND GOSSIP

MOVIES MOST COSTLY SET

The most extravagant set (from a money expenditure point of view) in the history of the cinema, has been constructed for the use of Mary Pickford i nthe picturization of "Little Lord Fauntleroy." This set is a castle and when the picture has been taken it will fade into oblivion almost as quickly as a castle in the air. There are only four rooms in the structure, each large enough to hold a bungalow of average dimensions. They represent the interior of the ground floor of the Dorincourt castle, the ancestral home of the crotchety old Earl of Dorincourt, who is a conspicuous character in Frances Hodgson Burnett's story. Without question, it is asserted, it is the most complete and elaborate motion picture set ever constructed. It is 226 feet long and 125 feet wide. One hundred tons of plaster were required and other materials in proportion. The furniture of the castle has an estimated value of $75,000. Practically all of it is being made to order. Lighting fixtures and fireplace furnishings are being fashioned from special designs. Each fireplace is equipped with a beautifully colored-tile back, the purpose of which is to produce the photographic effect of smoked-tile.

Edward Hearne is Anita Stewart's leading man in her current picture, "A Question of Honor."

PERSONAL MENTION

Mr. and Mrs. R. L. Foster of 635 East Orange Grove avenue entertained at luncheon Wednesday, the members of Columbia Circle No. 24, of Los Angeles, composed of wives, mothers and daughters of Civil War veterans.

* * *

Mrs. A. J. Rogers of Hollywood is a guest of Mrs. E. Schuyler of 330 Ivy street.

* * *

Mrs. Nellie Simpson of 203 East Laurel street, is visting her brothers in Riverside. She will return the last of the week.

* * *

Mrs. J. A. Endicott of 308 North Central avenue was hostess to a number of friends Wednesday at a luncheon.

* * *

Mr. and Mrs. George Hill and son have purchased a home at 1013 South Mariposa. The Hills come from Boston, Mass.

* * *

Wayne Wrightman was a visitor at Glendale high Thursday. He was graduated in 1914 and entered the employ of the Ford Motor company. In 1916 he was transferred to the Salt Lake agency, where he and his mother have been for the past five years. His visit here is a short one, but he is enjoying it to the full and says that Glendale will always seem more like home than Salt Lake.

* * *

A. W. Scudder, former commander of N. P. Banks Post, Grand Army of the Republic, is leaving with Mrs. Scudder on Wednesday, June 22, for a three months' visit to Summit county, Ohio, their former home. Mr. and Mrs. Scudder will visit Akron, Cleveland and other places before returning to their Glendale home, where they have lived for four years.

* * *

Mr. and Mrs. J. McCaughna and family, of 634 North Orange street, are leaving tomorrow for a several months' visit with friends and relatives in Detroit, Mich.

The family of Mr. and Mrs. Magazo Tosaya of 516 Riverdale drive has been increased by the arrival of a baby boy. The little Japanese boy is known as Paul Hisao Tosaya.

* * *

Mrs. Edward Lynch of San Francisco is the guest of her sister-in-law, Mrs. Harry Lynch, of 404 West Colorado boulevard.

* * *

Mrs. H. Ryan of 332 West Acacia avenue entertained on Wednesday, Mrs. Walter Gray and Mrs. Amanda Martin of Los Angeles.

* * *

Mr. and Mrs. B. V. Brasher of 1917 Melrose avenue have as their guests for the summer, Mrs. Brasher's father, Mr. Frey, and Miss Fisher, of Dallas, Tex. Mr. and Mrs. Bert Jones of Chicago, were recent guests of Mr. and Mrs. Brasher.

* * *

Miss Ada Hawks of 215 North Kenwood street leaves next Wednesday for Chicago, to be gone two or three months.

* * *

Frank Chase, a former Glendalian, who finds it hard to stay away, appeared in our city this morning from Potrero and paused long enough to greet old friends.

* * *

Mrs. Florence Keller, an instructor at the Los Angeles White Memorial hospital, will speak on "Anti-Narcotics" at the Baptist church on Friday afternoon at 2:30, at the regular meeting of the W. C. T. U. Mrs. A. M. Draper will sing.

* * *

Dr. and Mrs. C. G. Farrow will entertain this evening with a family dinner in honor of the graduation of their son, C. G. Farrow, jr., from the Glendale high school. Covers will be laid for his two grandmothers, Mrs. S. J. Farrow and Mrs. Clara F. Robinson; also for Mrs. J. E. Osborne, Mr. and Mrs. J. R. Osborne, and Misses Alice and Virginia Farrow.

BLUE-LAW CAMPAIGN FLATLY DENIED BY MINISTERS OF GLENDALE

Recently there appeared an article in a Los Angeles newspaper purporting to give information relative to a "blue law" campaign in Glendale, backed by the Ministerial Association.

We hereby deny the truth of this statement and declare that the matter has never been discussed in any of our meetings, any statement to the contrary notwithstanding.

Reports that is is proposed hereafter to foist blue laws upon our city are without foundation.

SUBMITTED BY TRUSTEE ROBINSON

"To the Honorable Board of Trustees:—In a report submitted June 9, by City Manager T. W. Watson, relative to fire engine No. 2, and published in a Glendale newspaper, he has stated that after Roy Hinchcliff had repaired the machine it was returned to Fire Chief Lankford; that the fire chief found it necessary to make minor repairs, these being taken care of at the station, and that the chief declared the engine was 'in no condition to be placed in service; the chain drags on the timing gear case and the drive shaft is sprung out of line and it is very uncertain how long the machine wil run in this condition.'

"The fire chief also reported, the city manager announces, that 'the machine, as returned to him, was in no condition to be run and requested to be advised as to what should be done in regard to it.'

"In this report of June 9, the city manager states that he instructed the fire chief to keep the engine at Station No. 1 until 'he received further orders' and use it only in an emergencyy.

"I wish it to appear on the minutes of this board that I am responsible for having the machine repaired and I desire to say that it is in repair and can be run all day, and all night if necessary, without breaking down. Roy Hinchcliff stands back of the repairs and guarantees them. The cost of fixing the machine was $250. But, in taking down the engine, Mr. Hinchcliff fonud a cylinder head burned out. I told him to fix it. I so reported to the city manager. That minor repair and several other little things made the cost $8.50 more, bringing the total bill of repairs up to $258.50. Mr. Hinchcliff tried in every way to get a fan belt that would keep the fan going, but after consulting Fire Chief Lankford and City Manager Watson, it was decided to put on a chain drive. I desire to state that the engine does not heat, and that in six round trips to La Canada it worked perfectly and will repeat the test today or tomorrow.

"So why 'junk' the machine? In pumping water a few days ago the pump lost a valve and the crank shaft was sprung, or something went wrong. Why not fix the pump? Why 'junk' it? Big corporations keep their equipment in repair, why cannot the city of Glendale do the same with its fire engine? It is true that the chain did drag on the timing gear case; Mr. Hinchcliff said he could fix it in 15 minutes. The fire department thought it could, and did. It will cost about $300 or $400 to overhaul the pump. If this is done, we will have a fire fighting machine at a cost of about $600 or $700, and the new one costs the people $12,500.

"This machine, in my opinion, can not only be placed in good working order at a nominal cost, for our present needs, but, with the aid of our fire department and city manager, this machine can be kept in good working order, and later, when the city needs, this machine can be used at a substation in the residential section, which, in my opinion, this city will need before many years; in other words, the employes of the city should make every effort to keep our equipment up, rather than continually asking the people to vote bonds.

"Therefore, I am in favor of making the aditional repairs and I ask that these remarks be spread on the minutes in full.

"SPENCER ROBINSON."

Mrs. W. F. Wood, 1470 East Wilson, has gone to Oxnard and Ventura, and will return home tomorrow.

MASONS WILL HAVE OUTING TOMORROW

The annual outing of the members of the Southern California association of Past Master Masons will be held in Santa Barbara tomorrow afternoon.

The party will be guests at a dinner at the Arlington hotel, and in the evening, entertainment of various kinds, including dancing and motion pictures, will be furnished by the Masons of Santa Barbara, who are hosts of the occasion.

Past Master Masons of Glendale who are eligible to the festivities and who will probably attend them are Dan Campbell, George U. Moyse, Arthur Campbell, John Hobbs, R. Z. Imler, E. J. Morgan, Don Erskine, William F. Nash, jr., R. W. Masters and Frederick Baker.

The Past Master Masons of the 53rd district will be hosts to the party on Sunday at a beefsteak party at Forest park, Ventura.

PROPOSE TO WIDEN BRAND BOULEVARD

The proposition to widen Brand boulevard at its intersection with San Fernando, where there is a sharp projection has been under consideration by city trustees and at the meeting last night, reported concerning a proposition submitted by H. E. White to dedicate the necessary ground instead of obliging the city to condemn it, as follows:

I have discussed this matter with H. E. White and have to report that he is willing to dedicate to the city of Glendale for street purposes sufficient ground to widen the east roadway of Brand boulevard at San Fernando road in accordance with plans submitted to your board in our report of May 12 and as set forth in resolution presented herewith.

If it should please your board to accept Mr. White's proposition and adopt the resolution submitted herewith, we would respectfully request authorization to negotiate with the Pacific Electric railway company and the Glendale school board for the acquirement for street purposes of ground necessary to be taken from school grounds and railroad right of way, respectively, to improve the intersection of Brand boulevard and San Fernando road as set forth on plot submitted with our report of May 12, print of which is attached hereto.

"Clean-Up Day"

The full text of the communication transmitted to the chamber of commerce by City Manager Watson relative to the arrangements for Clean-Up Day is given herewith for the information of citizens:

June 14, 1921.

J. M. Rhoades, Secretary Chamber of Commerce:

Pursuant to the report and recommendation of joint committees representing the chamber of commerce and city appointed to make arrangements for general clean-up day for the ranged that the city will cooperate in this movement as follows.

Tuesday, the 21st instant, will be designated as "Clean-Up Day." The people of the city are requested to gather all waste matter and rubbish that is not easily combustible on their premises and place the same in the alley at the rear of their lot or place it in the street gutter on this date. City teams will gather and dispose of the same the following day. In this connection it is urged that all waste matter and rubbish that is set out to be removed be placed if possible in receptacles convenient for handling. When this is not practicable it should be placed in compact piles so as to require the least time in handling.

Your committee reported large accumulations of rubbish, tree trimmings, etc., in the alleys. It is requested that owners of abutting property gather this in piles convenient for removal. Your committee also reported large accumulations of waste matter, rubbish, etc., at the rear of business buildings in the business district. The business men are requested to have this gathered and placed in receptacles convenient for handling.

Yours sincerely,
T. W. WATSON,
City Manager.

BACHELORS BANNED; BIGAMY IS BOOSTED

(By International News Service)

LONDON, June 17.—An anti-bachelor bill introduced into the Turkish nationalist parliament at Angora, seeks to make marriage compulsory for men over 25.

Defaulters will be fined a quarter of their earnings, which will be deposited in agricultural banks to help peasants to marry. No adult in the civil service will be allowed to be a bachelor.

Gifts of land, loans and state education for children are held out as rewards for marriage with a penalty of hard labor for a confirmed bachelor.

For re-population purposes well-to-do Turks under 50 are encouraged to keep two wives, contrary to the modern practise, due to the cost of living, of having several wives in succession.

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION

Sheriff's Sale No. B-77716

Charles Barrington, Jr., Plaintiff, vs. Mrs. R. E. Snively, et al., Defendant.

By virtue of an execution issued out of the Superior Court of the County of Los Angeles, State of California, wherein Charles Barrington, Jr., plaintiff, and Mrs. R. E. Snively, defendant, upon a judgment rendered the 17th day of March, A. D. 1920, for the sum of One Thousand Forty-seven and 25-100 ($1047.35) Dollars lawful money of the United States, besides costs and interest, I have levied upon all the right, title, claim and interest of said defendant Mrs. R. E. Snively of, in and to the following described real estate, situate in the City of Glendale, County of Los Angeles, State of California, and bounded and described as follows:

South 50 feet of Lot 18, Block 14, Glendale Boulevard, West Glendale Tract, except the 165-75 feet thereof (Glendale).

Public notice is hereby given that I will, on Monday, the 11th day of July, A. D. 1921, at 12 o'clock M. of that day, in front of the Court House door of the County of Los Angeles, Broadway entrance, sell at public auction, for lawful money of the United States, all the right, title, claim and interest of said defendant, Mrs. R. E. Snively, of, in and to the above described property, or so much thereof as may be necessary to raise sufficient to satisfy said Judgment, with interest and costs, etc., to the highest and best bidder.

Dated this 16th day of June, 1921.

WM. I. TRAEGER,
Sheriff of Los Angeles County.
By W. T. OSTERHOLT,
Deputy Sheriff.
E. E. NOON,
Plaintiff's Attorney.

Date of first publication, June 17, 1921.—4t weekly.

KEEP OUR SHIPS ON THE SEVEN SEAS

Importers, exporters, travelers — ship and sail under—the Stars and Stripes

NEW triumphs in steel, steam and electricity have carried the Stars and Stripes back again to the seven seas. On more than fifty trade and passenger routes American owned and operated ships, flying the Flag, are ready to carry your goods, or to carry you, to every foreign land.

They are splendid ships, the pride of American genius, designed and equipped to give the finest passenger comfort, service and safety, and to handle your goods in the most economical way.

City Fathers Have Many Issues of Importance

(Continued from Page 1)

ing that the same be spread upon the minutes of the board. On motion of Trustee Bartlett, request of Trustee Robinson was granted and it was so ordered. Henry and Stephenson voting no.

Widening of Brand

A resolution accepting the proposition of H. E. White to dedicate to the city the land owned by him which it will need in widening Brand boulevard at San Fernando road under proceedings already commenced in consideration of his being relieved from assessment for such improvement, and that the assessments for such improvement be equally distributed to all the frontage within the assessment district set forth, and that upon the filing of deed by Mr. White conveying to the city, proceedings instituted under ordinance No. 432 be abandoned, was introduced by Trustee Henry. In this connection the city manager was authorized to negotiate with the Pacific Electric Railroad company and the board of trustees of city schools relative to other grants needed in connection with the widening of Brand at that point.

Campaign to Lower Milk Prices Is Appreciated

(Continued from page 1)

and does not hesitate to say what it stands for."

The promoters of the Associated Dairymen of California, Inc., with headquarters in Sacramento, have openly boasted of their intention to "stabilize" the price of milk, by which they really mean—as they have explained it— **to establish a standard price for milk irrespective of actual conditions or the actual cost of production.**

This scheme of the Associated Dairymen has been exposed by the Consumers' League of California, whose headquarters are also in Sacramento, and have issued a circular in which this brazen statement of the dairymen's association is quoted. Another interesting item in this circular, interesting to people here, is that the Los Angeles county milk combine is listed with four other milk organizations who are bending their efforts to the task of gouging the public.

Quebec, Canada, in addition to its popular appellation of the "Gibraltar of America," is also known as "The Ancient Capital."

What About Your Boy?

Are you teaching him habits that will be safeguards to him in later years?

The boy who isn't learning good habits is learning bad ones—he is bound to form some.

When your boy grows up, will he have a keen eye to the future and be determined to achieve success?

Or will he be just a "drifter," the sort that lives one day at a time with no thought for the morrow?

Life is pretty hard on "drifters."

What your boy will be depends pretty largely upon you. You couldn't do a better thing for him than to teach him to save his pennies.

Teach him what saving means—its relation to success and happiness.

Subscribe for one of our Investment Certificates for him, and explain to him how every dollar he adds to it will be working for him.

We pay 6 per cent.

TELEGRAPH BRIEFS

CHICAGO, June 17. — Widespread belief that the eight former members of the Chicago White Sox, accused of "throwing" the 1919 world's series, would not be tried because of a rumored lack of evidence, was dispelled today. George E. Gorman, assistant state's attorney announced he would go before one of the criminal court judges tomorrow and demand an immediate trial of the men.

LONDON, June 17. — Commander Carl von Bellaires, coalition unionist member of parliament, declared in the house of commons this afternoon that Great Britain should not renew the treaty of alliance with Japan.

NEW YORK, June 17.—Counterfeit tickets for the Dempsey-Carpentier fight at Jersey City have made their appearance in several cities throughout the country, Promoter Tex Rickard announced today. In making the announcement Rickard warns prospective purchasers of tickets to refuse to buy them on the streets or from any but authorized agencies.

WASHINGTON, June 17. — The United States has received an invitation from the secretary of the League of Nations to participate in an international conference to be held at Geneva, June 30, under provisions of article 23 of the league covenant, to consider ways and means of suppressing the traffic in women and children, it was learned today. No announcement has been made as to whether this government will accept the invitation.

PITTSBURG, Pa., June 17.—Commissioner K. M. Landis has called a special meeting of the club owners of the National and American leagues to be held next Monday morning in Pittsburg. The meeting is to discuss and reach a uniform agreement on a certain regulation, not a playing rule, which the two big leagues have been interpreting differently. The nature of the regulation to be discussed is kept secret.

LONDON, June 17.—Great Britain will address a friendly note to the United States requesting that the closest possible watch be maintained in the future to prevent contraband shipments of arms and munitions to Ireland for use against the crown forces by the Republicans, it was learned from a high source here this afternoon.

LONDON, June 17.—The solemn warning that war will be inevitable unless the arming of nations ceases, was sounded today by General Sir John Davidson in open debate in the house of commons this afternoon on the forthcoming British imperial conference.

LONDON, June 17.—Many raids in which telegraph and telephone wires were cut and railroad property was destroyed were made here today. Scotland Yard attribute this to Sinn Feiners. Seven men all alleged to be Irish republican sympathizers were arrested at Bromley.

Sugar should never be added to batter puddings before boiling or baking, as it makes them heavy.

Every little movement means more thirst.

ATLANTA, GA.

SAN FERNANDO ROAD LIGHTING IS BASIS OF COMPLAINT BY CITIZEN

At the meeting last week of city trustees, Emil Fram addressed to the board a complaint in regard to the lighting of San Fernando road. At many of the crossings he declared it is so dark as to make automobile accidents a possibility. The matter was referred to City Manager Watson, who submitted a report last night, as follows:

In regard to street lighting on San Fernando road which was referrred to us the 9th instant for investigation and report:

In considering street lighting for the ensuing fiscal year provision is being made in the budget for about 40 additional lights on San Fernando road. The larger number of these will be installed between Colorado street and the north city limits. It is planned, however, to install a few additional lights between Los Feliz road and Colorado street.

On the general subject of street lighting it might be well to mention here that we will recommend that next year's budget provide for the installation of about 180 additional street lights, about 40 of which to be installed on San Fernando road as stated before and about 90 to be installed on Glendale avenue, Verdugo road and the Verdugo canyon district, the additional 50 to be distributed over the city generally as they are needed.

CITIZENS OF GLENDALE **NOTICE!**

Glendale will entertain some 3000 or more young people as delegates to the 34th Annual State Convention of the California Christian Endeavor Union, June 25 to 29.

TOMORROW--SATURDAY

THE ENTERTAINMENT COMMITTEE, 150 STRONG

will call on every home in Glendale, Burbank and Eagle Rock, requesting your cooperation in the entertaining of this HOST OF DELEGATES. EVERYONE must make some scarifice if sufficient rooms are to be provided.

AS TO EATS

This is, as yet, a problem, owing to the lack of large eating places. The high school cafeteria and local restaurants will serve three meals a day, while various churches will serve lunch and dinner. Therefore, it is up to you good citizens of Glendale to serve as many delegates as possible with breakfast.

IF NOT HOME SATURDAY, SAVE US A SECOND CALL BY TELEPHONING C. E. HEADQUARTERS

ATTENTION CALLED TO PEDDLING IN BUSINESS PART OF CITY

The traffic by peddlers' carts on the main thoroughfares of the city was brought to the attention of the board of trustees at last night's meeting by a communication from the city manager, as follows:

During the last few weeks our attention has been called to a number of parties who have taken out peddler's licenses as provided for by Ordinance No. 274, and in addition to exercising their privileges as peddlers under the provisions of this ordinance, have established themselves in the most congested portion of the business center, either on Brand boulevard or Broadway and from such locations conduct retail fruit business in the public highway during the most busy portion of the day. It does not seem that any such privilege was intended to be granted by the terms of the license ordinance and we would recommend that such ordinance be amended so as to clearly define what is meant by peddler's license and that either in such amendment or additional ordinance provision be made that no peddling or buying and selling in any manner whatsoever be permitted within the business district within the 15-mile traffic zone unless by special permit of the board of trustees.

The matter was referred to City Attorney Shaw with instructions to draft an amendment to ordinance No. 274 in accordance with the recommendations of the city manager.

HISTORY WILL REPEAT ITSELF

The Motor Truck business will rival the pleasure car business. It is now just at its beginning. Past experience has proven that the Motor Truck business must be conducted as a separate and distinct institution from the automobile business.

Legions of new men will now make fortunes in the Motor Truck business, who get in on the ground floor, as average, successful Motor Truck salesmen make from $3500 to $5000 a year.

The Peerless Commercial Company with its principal offices in Los Angeles, are organizing an exclusive Motor Truck sales force for one of the best motor trucks known, and appointing a local representative in every community. No experience or capital, and only spare time, supplying information, and advising and assisting their experienced salesmen, is required of these local men. This offers an unusual opportunity for a local man to get started and eventually qualify to attain a position paying $75 to $100 per week, or more.

The transportation problem is today in a very unsatisfactory state: Motor trucks are the solution and are fast coming into general use. It is predicted that "history will repeat itself" and that the Motor Truck business will be the next big money making business of the country, as the automobile business has been during the past decade.

Anyone interested and desiring to get into the Motor Truck business in any capacity, should address for free and full information—

PEERLESS COMMERCIAL COMPANY,
Factory Factors
409 South San Pedro, Los Angeles

TELEGRAPH BRIEFS

WASHINGTON, June 17.—The government today won a notable victory in its efforts to protect the inviolability of the secrets of the United States supreme court. Sitting part two, district supreme court, Justice Siddons dismissed the demurrers that had been filed to the indictment of Ashton F. Embrey, E. Millard, Mayer, Barnett E. Moses and J. Harwood Graves, and ordered that the cases go to trial on their merits. The four men were indicted for surreptitiously obtaining information of supreme court decisions and using the information thus obtained in Wall street speculation.

RIGA, June 17.—Communists may learn from the capitalists just as the red army learned from the militarists. This is the dictum expressed by Nicolai Lenine, head of the Moscow soviet, in a written interview received here today explaining the change of policy at Moscow.

MEXICO CITY, June 17.—Government officials today estimated that the Mexico oil produced this year will aggregate 270,000,000 barrels, or 50 per cent more than last year.
